

Pure and Simple

AQUAPEX®

A clean, healthy and safe plumbing system

When they choose Wirsbo AQUAPEX®, builders, contractors and homeowners are comforted to know that their plumbing system will last. The Wirsbo AQUAPEX system includes the highest quality AQUAPEX tubing and a strong, reliable fitting system.

*Need a reason to choose AQUAPEX?
We'll give you several.*

1. **Clean, healthy and safe** — no solder, flux or solvents to worry about
2. Backed by a **25-year warranty** when installed by an Uponor Wirsbo-trained installer
3. **Proven performance**
 - a. More than 2 billion feet of Uponor Wirsbo PEX installed in North America
 - b. More than 11 billion feet of our company's PEX installed worldwide
 - c. 35 years of successful service in demanding applications
4. **Top fitting systems** on the market
 - a. Offers choices to installers to meet performance and economic requirements
 - b. Matches the capabilities and proficiencies of the professional installer
 - c. Millions of fittings in service with virtually no callbacks
5. **Total system quality**
 - a. Process control of tubing from start to finish
 - b. Industry's most extensive testing (internal and external)
6. **Outstanding Performance**
 - a. Lightweight
 - b. Quiet — no water-hammer worries
 - c. Highly freeze-resistant
 - d. Low thermal transfer — no sweating pipes
 - e. Thermal memory ensures easy repairs of kinked tubing
 - f. Corrosion-resistance
7. **All-inclusive plumbing system**
 - a. Sizes range from ¼" to 1½"
 - b. Engineered plastic (EP) and brass fittings
 - c. EP and copper manifolds
 - d. Many tool and fitting options
8. **Simple and quick to install**, saving time and money
9. **Innovative products and applications**
10. Industry's **leading support package** — sales, technical, code and training
